

## INSTITUTIONAL PROFILE

INSTITUTION and CONTACT PERSON:			
Last Name	Baitugolova	First Name	Janara
HE Institution	Naryn State University named after S.Naamatov		
Department	International Relations Department		
Position	Head of the International Relations Office		
Address (HEI)	25, Sagynbai Orozbek street		
Postal Code & Town	722900	Country	Kyrgyzstan
Telephone	+996 3522 50796	Email	janara899@gmail.com
Web address	www.nsu.kg		
<b>Experience in international cooperation</b> (mobilities, projects, available study programmes in English language):			
<p>NSU has a very good experience in cooperating with EU Universities and the previous TEMPUS and Erasmus Mundus (EM) Programmes. For example, since 2008 we have been involved in EM External Cooperation Window lot9, EM TOSCA, EM TOSCA 2, EM EACEA, EM EACEA 2. Since 2006 NSU has been involved as an active partner for the TUCAHEA TUNING, EDUCA, DOQUP, HONOR, MUPREE, UNICO Tempus projects and benefitted a great deal from the current projects. Thanks to the indicated above projects and mobilities, there are professors, who want to improve their qualifications, to gain an international experience, change; there are students willing to study at the EU Universities, in addition, they start to learn English and the culture of EU countries. Currently NSU has been involved in the ICM programmes with the Zlin University (CZ), Pisa University (IT) and Porto University (PT). We would like to cooperate with other EU Universities as well in the ICM and CBHE. There is an American and European Studies Center at NSU and we welcome EU professors and students also to come to NSU and teach our students languages, culture, Economics, Education, History, International Relations and other possible topics as well. NSU provides education in Kyrgyz and Russian languages. But if EU professors want to come to teach at NSU, we will do our best to interpret their lectures. And also if there are some students doing research, who are willing to come to NSU we will try to find a supervisor with foreign language skills.</p>			
<b>INFORMATION ABOUT PLANNED ERASMUS+ PROJECT(S):</b>			
Discipline(s) / Academic field(s)	Education, Economics, Philology, Agrarian

<input checked="" type="checkbox"/> Bachelor level	<input type="checkbox"/> Master level	<input checked="" type="checkbox"/> PhD level	<input checked="" type="checkbox"/> Teaching Staff
<input checked="" type="checkbox"/> Training Staff			
<b>If you are interested in KA2 – CBHE, please describe your project idea shortly:</b>			
<p>1/ <b>Economics/Agriculture</b> The possibility to create a veterinarian laboratory to produce, proceed and check the quality of meat, milk, meat and wool producing in Naryn (KG). Training practicums of the appropriate specialists on the current fields. The identification of the concrete ways of exporting to other possible countries. To train local specialist for the sustainable development.</p> <p>2/ <b>Education/Philology.</b> Training qualified educators of the future. Curriculum development according to the new Competency based education. Assessment of generic and special competencies and preparation for international accreditation and the internalization of Naryn State University. Provision of current HEI teachers and professors with the necessary information of new ECTS system and appropriate skills to train competent specialist in the future.</p>			
<b>Other relevant information</b> (if applicable):			
<p>Our University is a regional and the only University in Naryn region, with the Education, Economics, Philology, Agrarian departments. Cooperation with the EU universities and possible mobilities help NSU to compete with other higher educational institutions in the capital city, to assist local people for sustainable development, to prevent brain drain at some point and to attract Youth to enter our university. Since we are in transformation period from the Soviet system to the European Bologna system of education we currently face with number of challenges. In order to smoothly transfer to the new Education system European projects and Universities assist us a great deal, in terms of equipment, soft skills provision, gaining international experience, understanding the roots of the new system, change from Teacher-Centered Methodology to the Learner-Centered one and to find the people who think as we think© etc.</p>

<input checked="" type="checkbox"/> Training Staff			
If you are interested in KA2 – CBHE, please describe your project idea shortly:			
<p><b>Theme of the project idea: Development of competences and skills of an entrepreneurial activity, in the disciplines included in training programs.</b> As it is paradoxical, but in the modern legislation still there is no concept "youth business". Meanwhile on young businessmen the main burden of responsibility for future economic development of the country lays down. We think, to include an entrepreneurial activity in the disciplines in non economic field of study Because in the economic fields the students study subjects, such as the Business plan. These disciplines train them to write the business plan and after the graduation they can open their business and build a career. To philologists it is admissible, there is a question how to develop businesses after the graduation of higher education institution. They can open the translation center and conduct a language course. Each teacher has to impart skills of business. Students have to not only own the theory, but also have to mark skills of business. It is possible to include in their discipline of study modules which students acquire entrepreneurial knowledge and skills. Further we can create an incubator/ Of course we need support of the administration of the university. Incubator plays an important role in the development of youth, innovative businesses.</p>			
Other relevant information (if applicable):			
Development of syllabus. The inclusion to elective courses subjects related to entrepreneurship. Formation of university policy, which focused on the development of entrepreneurship among students. The inclusion into the curriculum of elective courses to acquire skills and knowledge on entrepreneurship. and teaching a subject in curricula, has to include programs in which skills of business will be studied.

<b>Experience in international cooperation (mobilities, projects, available study programmes in English language):</b>			
<p>International activity is one of the leading areas of the educational process of the university. University Grant activity has a long history of development, during which the University works in projects financed by the European Commission, Tempus, Soros Foundation-Kyrgyzstan, the Global Environment Facility, (CIDA, the ISTC, the Peace Corps, IREX, PEAKS, USAID, IVLP, DAAD, UN, Eurasia Pacific UniNet, ITEC, KOICA and others. Thanks to these projects over the past five years about 100 students, teachers, and graduate students were able to receive training and internships in foreign countries. In 2011 September, the Rector of IKSU K.Abdyldaev signed the Magna Charta Universitatum in Bologna, Italy. And in 2012, our University became a member of the Global Partnership Education for Sustainable Development. The University has signed more than 70 agreements with universities and organizations from around the world. In addition, the university foreign students and staffed by volunteers from other countries. Foreign students coming from Turkey, Uzbekistan, Kazakhstan, China, the Russian Federation. Volunteers also help the development of foreign languages, tourism and agriculture. IKSU Cooperation with the European Union began in 2001 when the university acted first TACIS project on the development of tourism. From this period the university is working on projects funded by the European Commission Tempus, Erasmus + , Erasmus Mundus, the Embassies of France and Germany, the DAAD, the Norwegian Agency for International Cooperation, Pacific UniNet Eurasia, the Swedish International Development Cooperation Agency, and others. IKSU one of the first universities of Kyrgyzstan participate in exchange programs Erasmus Mundus (2007), ranked first in the country by number of Tempus projects (2013-2015) and ranked first in the number of Erasmus + project (2016). As a result of the Tempus project, IKSU has established itself as a reliable and active partner. As a result of the implementation of projects, signed cooperation agreements with more than 20 higher education institutions from the European Union upgraded more than 15 training programs, equipped and opened more than a dozen resource centers to promote the reform in various fields (librarianship, questions on the development of students and career opportunities, recognition of qualifications and the development of qualifications frameworks and promotion of the Bologna process, tuning curriculum, educational process automation, e-learning, training in foreign languages, training of civil servants, etc.). Thanks to European projects among students and teachers the opportunity to short-term internships and academic mobility. Since 2007, in the European higher education more than 300 people were sent. Currently, the University has 3 projects Erasmus + "Investing in the Entrepreneurial University of the Caucasus and Central Asia", "European dimension in education for the tourism sector", "Promotion of university education in the field of Biomedical Engineering and Health Management in Kyrgyzstan" and 2 TEMPUS project " The introduction of a quality management system in the E-Learning in Central Asian universities ", " Learning a foreign language for professional purposes». To date, the IKSU are active projects Tempus program to modernize higher education. These 8 international projects, 2 projects Erasmus Mundus and 2 projects with an educational agency of Norway. There is also a project for the support and development of the Centre for Chinese Confucius and China-Arab Centre for Language and Culture, Korean language Centre. These results were obtained thanks to the work of the Department of Science and International Relations. By results of 2013 IKSU ranked 1st overall number of projects in the country among universities in Tempus 4.</p>
