Webinar December 6th, 2018: 1 PM

We will start any moment!

Basic Information regarding the Webinar

- Communication via Chat „Fragen“
- Questions regarding the grant program
- Hand signals

Do you hear me?

**In the case you have no sound, please
reply to the chat.**

Content

- Goals of the grant programme
- Programme guidelines
- Online application
- Clarifying of open questions
- Assessment process
- Hints for an successful application
- Clarifying of open questions

Marietta Blau-grant

Goals of the programme:

Financial support for doctoral/PhD students currently enrolled at an Austrian university who want to spend 6 to 12 months abroad with the intent to optimize their thesis.

Financing authority:

Federal Ministry of Education, Science and Research (BMBWF)

Programme-executing agency:

Austrian Agency for International Cooperation in Education and Research (OeAD)

Marietta Blau-grant

Target group:

Highly qualified doctoral/PhD students currently enrolled for not more than six semesters at an Austrian university.

Key facts:

→ **Up to € 1.500,-- / month** (Partial grant; it might be necessary to additionally rely on own funds; no additional travel allowance; free of Austrian income taxes)

New: Financial plan in the online application form

→ Open to all doctoral / PhD- students from Austrian universities regardless their nationality

→ For non German native speakers: English as the main Language of application is allowed

Marietta Blau-grant

Application deadline and possible startig date:

- Application deadline in **September**: starting date between February and August
- Application deadline in **February**: starting date between August and January

Grant duration:

- 6 to 12 months (end date within 18 months after starting date)
- It is possible to apply for research visits to multiple countries (except Austria); however, all visits have to be combined in one application.
- It is possible to split the grant into periods shorter than the originally awarded 6 to 12 months, however, periods of less than 3 months are not permissible.

Application requirements :

- Highly qualified doctoral/PhD students currently enrolled for not more than six semesters at an Austrian university. The study progress must be efficient and uninterrupted. In case of interruptions and delays (such as childcare, home care for relatives, military or civil service, etc.), applicants should provide relevant proof.
- There is no age limit: nevertheless it is one goal of the grant to support young academics in the early years of their academic career. The professional and scientific career after finishing the programme should be plausible. The grant is not intended to support lifelong learning.

Marietta Blau-grant

Requirements:

- Please make sure that you have not yet started your grant project abroad at the time of the application..
- Persons who have already received a Marietta Blau-grant are excluded from a repeated application.
- The estimated time of graduation should not be before or during your planned stay abroad
- Incomplete forms will not be considered.
- A late submission of missing or incomplete documents is not possible.

Marietta Blau-grant

Enclosed documents:

- **Proof of admission** to an Austrian doctoral programme. (Studienblatt, Studienbestätigung, Studienzeitbestätigung, Inskriptionsbestätigung or similar)
- **Dissertation agreement** (written confirmation stating the dissertation supervisor and the topic as well as a confirmation of the home university that the dissertation topic has been submitted and approved).
- **Letter of recommendation** issued by the dissertation supervisor (including a stamp of the institution and signature of the person recommending the applicant).

Marietta Blau-grant

Enclosed documents:

- Exposé or **proposal** (justifying the necessity of the stay abroad, defining the problem, aims, methodology, and schedule and including a selective bibliography) – 5 pages in German or English.
- A first outline of the dissertation or an **abstract** (approx. 1 page, in German or English).
- **Letter of confirmation** issued by the supervisor at the applicant's target institution(s), if available and as the case may be a confirmation that the applicant may use rooms and resources at the institute (stamp plus signature), if necessary.
- All clearances necessary for the research project need to be submitted with the application.

Marietta Blau-grant

Selection procedure:

- Formal check of the application documents.
- Plausibility check.
- Evaluation of the research proposal by 2 external experts.
- Interviews by a committee in Vienna.
- Final decision by the grant committee

Marietta Blau-grant

Hints for a successful application:

- Make sure to apply for a research stay versus a mere exchange stay abroad
- Make sure to fulfill all the formal requirements and double check your attachments. In the case of uncertainty ask the programme office.
- Clear and coherent entries: Your application is your calling card.
- Missing information cannot be evaluated
- Answer the following questions before starting the application: What do you want to do, how do you want to establish it, where and why do you want to go abroad for your research?

Marietta Blau-grant

Hints for a successful application:

- Please prepare all your entries on a scratch paper before you fill out the online form
- Start with the complex answers first and then summarize the information
- Take your time for the application: do not wait until the last minute
- Do not forget to proofread and ask for feedback from others
- Make sure to address different type of readers with your application
- Please be aware that questions only apparently do repeat

Marietta Blau-grant

Tips for the interview:

- The members of the interview committee are not experts in your research field
- Use therefore a generally understandable language
- You will be asked questions; a longer presentation is not possible
- Make sure to know your application, read it again before the interview
- Practice an interview situation (20 min) with friends
- Application and interview should be coherent
