Focus: Quality development in vocational education and training

Example: “EFFECTIVE QUALITY DEVELOPMENT IN VET THROUGH SUCCESSFUL CHANGE MANAGEMENT – Strengthening the leadership competences of school directors”

Quality development in VET is a development priority in Montenegro, Serbia and Bosnia and Herzegovina. The aim of this regional project is to strengthen the leadership and change management competences of school directors for effective quality development through tailor-made professional development programs. In Serbia over 150 VET school directors will be trained.

Focus: Cooperation between schools and business

Example: “COOPERATION BETWEEN SCHOOLS AND BUSINESS”

Close cooperation between VET schools and businesses is a prerequisite for high-quality vocational training that is geared towards the needs of the labour market. The goal of the regional project “Cooperation between Schools and Business” is to improve the quality of practical training for pupils by promoting cooperation between VET schools and businesses. The project results include the introduction of an expanded profile for the school-based work-based learning coordinators as liaisons between schools and businesses and a national web portal to improve the flow of information between businesses and schools.

THE OeAD

Agency for Education and Internationalisation

The OeAD advises, supports and connects people and institutions in education, science, research and culture with its future-oriented programmes.

As an agency of the Republic of Austria the OeAD thus contributes to inclusive, equal and high-quality education.

European and international exchange as well as transnational mobility serve as the agency's most important tools.

Internationalisation and the support for transnational cooperation and mobility associated with it are valuable aspects in education, science and research. High-quality education, science and research need an international orientation.
