Agency for Education and Internationalisation
The OeAD advises, supports and connects people and institutions in education, science, research and culture with its future-oriented programmes.

As an agency of the Republic of Austria the OeAD thus contributes to inclusive, equal and high-quality education.

The OeAD’s fields of activity are in Austria, Europe and internationally in priority countries.
The OeAD implements funding programmes in education, science and research, acts as organisation of experts in selected fields and provides support in shaping the education sector.
Skills for the digital age: Problem-solving skills, critical thinking and collaboration and creativity.

We support people in continuously expanding the necessary skills for a self-determined life in our digitised and globalised world and in collaborating – across borders – in science and education.

Our offers promote the innovation competence of institutions in education and science and thus support their capacity development.

As a service-oriented organisation we offer transparent validation procedures, transparent funding management and quality development.

60 Years
Experience.
Education.
Future.

+ for the development of personal skills for life in a digitised and globalised world
+ for Austria’s international positioning as an internationally oriented place for education, science and research
+ for strengthening the innovation competence of education systems and institutions

The OeAD will support you in this!
INTERNATIONALISATION

The key to knowledge and exchange of experience

Internationalisation and the support of transnational cooperation and mobility associated with it are valuable keys in education, science and research.

NATIONAL AND INTERNATIONAL:
+ KINDERGARTEN, SCHOOLS, APPRENTICESHIPS
+ TEACHERS
+ PERSONS IN VOCATIONAL EDUCATION
+ STUDENTS AND GRADUATES
+ HIGHER EDUCATION STAFF AND LECTURERS
+ PERSONS IN EDUCATIONAL ADMINISTRATION
+ TEACHERS AND PERSONS IN ADULT EDUCATION
+ RESEARCHERS
+ YOUNG PEOPLE
+ YOUTH ORGANISATIONS

Internationalisation – the best investment for the future

Stays abroad contribute to the development of personal skills, they strengthen the innovative capacity of institutions and even entire education systems. The discussion with the other leads to more understanding for different positions and to an appreciation of diversity. This contributes to an open society.

Success through cooperation

Transnational cooperation supports institutional capacity development: High-quality education, science and research need international orientation in order not to work solely on the basis of national knowledge. International knowledge exchange and expertise strengthen Austria’s positioning in education, science and research.

Get out of the theory – come into the exciting world of research and creativity

With different funding schemes (vocational) schools are supported in enabling children and young people to conduct their own research, become artistically active and skilled in the use of new digital tools.

Arousing curiosity and a willingness to innovate

Children and young people will gain insights into different living and working environments. They will try out new things and thus develop and strengthen their individual skills.

At the interface between education and society – beyond the regular school system

Education is the capital for the future. With tailor-made offers and a high level of expertise we are committed to supporting the shaping of the education sector.

Raising the level of education

Reliability and quality provide the framework that enables innovation.

Recognition and comparability of educational qualifications in Austria and Europe

The enhancement of quality and transparency is the basis for sustainable knowledge transfer.

Continuous development

The focus is on continuous development and assurance of the quality of the educational programmes in Austria and the quality management tools.
The OeAD is a non-profit limited liability company (GmbH) of the Austrian federal government. Its activities are funded by the Republic of Austria, in particular by the Austrian Federal Ministry of Education, Science and Research (BMBWF), the Austrian Federal Chancellery (BKA), the Austrian Development Agency (ADA) and the European Commission. The OeAD is the national agency for the implementation of Erasmus+ and the European Solidarity Corps.

The independent subsidiary OeAD student housing (OeAD-Wohnraumverwaltungs-GmbH) is owned 100% by the OeAD. The Foundation for Innovation in Education is a separate legal entity; the Foundation’s head office is located at the OeAD.
