Alumni Aeres UAS Dronten 2022

Development of our Erasmus+
mobility numbers
&
Our response to these
developments in budget planning

AERES UNIVERSITY OF APPLIED SCIENCES

Left to right: Natasja Spaargaren; Femke de Jong; Lianda Dijkstra – Keijzer; Kim Laura Koziol; Helen de Bas; Anja Hetsen - Huijsmans

3 faculties:

- Dronten: rural green; agriculture; production and resource side of the chain
- Almere: urban green; more focussed on the consumer side of the chain
- Wageningen: teacher training in green education

One centralized International Office

DEVELOPMENT OF MOBILITY NUMBERS

- Constant growth of mobility numbers; dip during COVID-19 period
 - 2019: €60.332 -> 2023: €166.302
- Current main use: Internship mobility
- Tendency towards more study mobility, due to BIP mobilities
- 2021 – 2024: 24% International Mobilities & 48% BIP mobilities

BUDGET PLANNING

- Budget distribution among the faculties: 60%, 20%, 20%
 - Based on admitted students per educational year
- Main use per faculty:
 - Wageningen: BIP mobility
 - Almere: Internship mobility, especially International Mobility
 - Dronten: Spread over all types
- Top – ups makes precise budgeting difficult
 - 25% of all students could make use of top – ups
- At least one BIP participation of 10 students per faculty per year

Thank you very much for your attention!
