Main speaker

Dr. Paul Yillia is currently Research & Training Assistant at Vienna University of Technology, Institute for Water Quality, Resources and Waste Management. Previously, he undertook various assignments with UNESCO-IHE – Institute for Water Education and the Capacity Building Network for Integrated Water Resources Management in the Netherlands, with progressive responsibility in training materials development, research, education and partnership in the water sector. He was Lecturer & Research Fellow on Aquatic Systems at the University of Sierra Leone and has undertaken various research and/or teaching responsibilities in several countries in sub-Saharan Africa, including Ghana, Kenya, Malawi and Uganda. His expertise includes capacity development in the water sector. Paul Yillia is a member of the International Water Association and belongs to some of its specialist groups, including Health-related Water Microbiology, River Basin Management and Diffuse Pollution.
