

iLab

The Interdisciplinary Lab at the
St. Pölten University of Applied Sciences

Ars Docendi

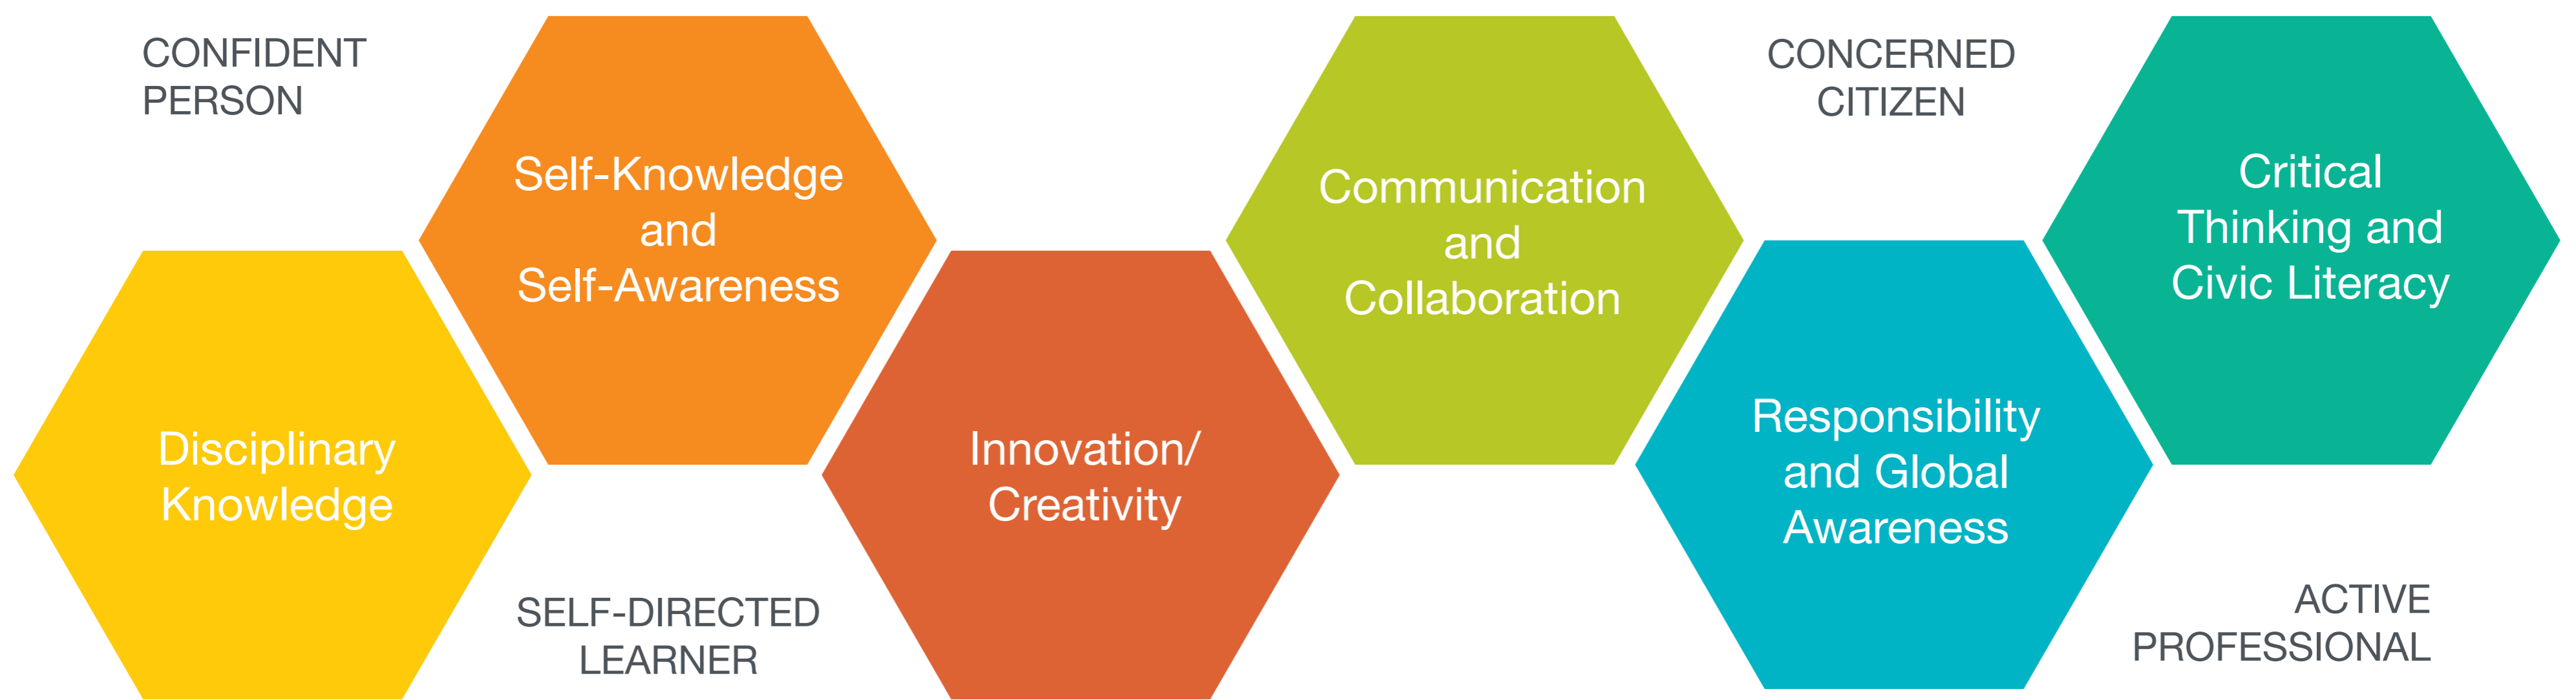

Staatspreis für exzellente Lehre

f h // /

st.pölten

The iLab is designed as a curricular elective module with 30 ECTS and gives all departments of St. Pölten UAS the opportunity to participate with their students. With English as the working language, international students can also participate in the iLab. The focus is on training and sharpening the individual students' specialist and interdisciplinary skills.
