TPG A PLA on Learning outcomes: How are learning outcomes perceived, transmitted, and implemented in daily practice of higher Education Institutions?

Tuesday, 25.4.2023, 09:00 – 15:45

The Peer Learning activity in Vienna is devoted to learning outcomes, one of the transparency tools of the Bologna Process, which reaches far into the lecture halls. We will exchange ideas and best practices on the following issues:

- Designing Learning Outcomes – policy, process and practice
- Who designs learning Outcomes (at Module / study programme level), and how?
- Breaking LOs down to teaching practice – how to introduce HE faculty to LO
- Hands-on examples of writing (intended) learning Outcomes
- Cases in selected countries

The PLA on Learning Outcomes addresses members of the BFUG Thematic Peer Group A on Qualifications Framework, and up to 20 participants from Higher Education Institutions.

In addition to the PLA, you will have exchange opportunities during an on-site tour at the FH Technikum Wien as well as during dinner. On 26.4.2023 the meeting of TPG A on Qualifications framework will take place, please also note the WG on Micro-credentials, Self-Certification and Short Cycles if these concern you.

Please register to this peer learning event no later than **3rd of April 2023**.

- Target group: up to 40 stakeholder engaged with Learning Outcomes and members of the BFUG Thematic Peer Group A on Qualifications Framework (TPG A on QF)

Here here you will find information about the venue and how to get there.
